

Square One has identified that our community is evolving and the need for second-shift, third-shift and weekend childcare is in demand more than ever. We are proud to partner with organizations such as Baystate Health, Smith & Wesson, FOCUS, MGM Springfield, LENOX, The Center for Human Development and others on our newest initiative, **Square One: Next Level.**

Square One is taking it to the Next Level and we want you on board. We're excited to announce that we are now looking for home-based family child care providers here in the Western Mass community. If you have an entrepreneurial spirit, are looking for a flexible part-time or full-time schedule, love kids and are interested in getting into the childcare field, we have the opportunity for you.

**Join us in our groundbreaking expansion and purposeful alignment to our community's needs.**
